

COLUMBIA AQUATIC CENTER

Columbia, MD

Progressive Contracting Company, Inc. was hired to update the Columbia Associations Aquatic Center. Structural repairs to the pool enclosure, new locker rooms and pool upgrades were included in this renovations. A flume ride, stair tower and a new Kalwal panel pool enclosure were added to the centers' pool.

The work was completed in less than five (5) months and within budget as requested by the client.

Owner: The Columbia Association
Architect: Craig Stewart Architects
