

# ***RAVENWOOD SHOPPING CENTER***

---

## **Baltimore, MD**

The Ravenwood Shopping Center project was a new 6,800 square foot retail building constructed in an out parcel of an existing retail center. Construction services included site improvements, water, sewer, and parking lot expansion.

The retail building has a masonry and steel frame with a brick and EIFS exterior. Glass and aluminum tenant storefronts with awnings were added to accentuate the building façade.
