

PORT CITY JAVA

Chapel Hill, NC

The NC State University has awarded Progressive Contracting Company, Inc. (PCCI) to provide general contracting services. PCCI is to prepare the 750 square foot open space in the Engineering II Building on campus to accommodate the Port City Java Coffee House.

This project is currently under construction and PCCI is providing all fit-out work which includes:

- ceramic tile and vinyl floors
- new drywall partitions
- acoustical ceilings
- new storefront
- extensive mill work
- tying into existing plumbing, mechanical and electrical systems.

Owner: North Carolina State University
Architect: Perkins and Will Architects
